

# *What Can You Do to Help?*

**Write letters and send emails to the LAUSD Board Members and the Superintendent.** The School Board, Superintendent Deasy, Local District Superintendents, and the school principals all need to hear your concerns. Let them know your feelings and understandings of the value of music education for our children, especially at the elementary level. Demand that they provide a well-rounded education that includes music and the arts to address the whole child and multiple learning styles.

For helpful websites, visit MENC at [www.menc.org](http://www.menc.org), [www.SupportMusic.com](http://www.SupportMusic.com), Chorus America at [www.chorusamerica.org](http://www.chorusamerica.org), and [www.lacesmamusiced.org](http://www.lacesmamusiced.org) and click on Advocacy. Also [www.lausd.net](http://www.lausd.net) and [www.empowermusiceducation.org](http://www.empowermusiceducation.org) for some special advocacy ideas

**We need your stories!** How has music impacted child's life? Your child's attitude towards school? Your life? Please send your stories to us at [lausdmusiced@gmail.com](mailto:lausdmusiced@gmail.com) or post on the lacesmamusiced blog. Let us know if you would be willing to speak to the School Board on behalf of music education and its value to students. If you know people in the music industry, spread the word about how music education is delivered in our schools and the drastic effect of losing so many music teachers next school year. We want to continue the best in public education for the students of LAUSD. That must include access to music and the arts.

## LAUSD CONTACT INFORMATION FOR SCHOOL BOARD & SUPERINTENDENT

Los Angeles Unified School District, BOARD OF EDUCATION  
333 South Beaudry Avenue, 24th Floor, Los Angeles, CA 90017
